

Snow Plowing Services

CNS is a Company based in Yonkers, NY, just outside the City of New York. We are proud to serve all of our clients in the Westchester County and New York City areas. We offer, network cabling, audio/video installations and cabling, fiber optic cabling, electrical services, surveillance systems installations and commercial snow plowing & de-icing services.

At **CNS** we provide the highest level of safety, quality, and honesty with the greatest attention to detail. We are committed to getting the job done with the thought of building long term relationships through unparalleled service.

During the New York winter season we provide **commercial snow plowing** to commercial property owners, condominium associations, apartment complexes and retail facilities throughout the Westchester County and New York City areas. Our commercial snow services include snow plowing, de-icing, salt applications (sand/salt mix and sand only)

CNS offers Monthly contracts and per incident contracts. All contracts can be tailored to meet the needs of our customers.

Per season: This is one set price no matter how much snow or ice fall paid over 5 or 6 months.

Per storm: This is one set price no matter how much snow or ice fall during that event.

Per push: This is one set price that increases depending on how much snow or ice fall during that event. This is gauges in a range of inches.

Why CNS for your Winter Snow Plowing & Snow Removal Services?

As anyone who has lived in New York can tell you, we are extremely vulnerable to severe winter storms. A winter storm of any size can lead to havoc for businesses and property managers. Winter storms must be dealt with immediately and in a proper manner. Every hour that passes is another hour that can lead to lost revenue and potential law suits.
